EDUCATION / SKILLS

Cornell University Dean's List: All Semesters

2011 - 2015

HTML | CSS | JavaScript | UX/UI Design | Agile | Visual Design | QA | Automation | Testing | Calligraphy | Public Speaking

EXPERIENCE

Workday

Software Application Engineer

2017 - Present

- Currently build, deploy, maintain and test one of the Workday HR applications and write automated testing
- Manage individual project priorities, deadlines, and deliverables in our agile development cycle
- Guild Leader: Print - Advise internally to other teams on design / PDF generation as the technical lead

Workday

Front-End Developer / Visual Designer

2015 - 2016

- Designed, built, deployed, and tested custom PDFs with data visualizations for Workday customers
- Independently lead design meetings to determine requirements, scope, and timeline of 20+ projects
- Advised internally and externally on technical issues, JS, and Eclipse product features

Credit Suisse

Data Science Intern

Summer 2014

- Streamlined investment banking reports and decreased reporting time on one recurring dashboard by 80%
- Developed a data engine to automate visualization of data presented to executives weekly
- Designed scalable BI system and led integration across departments

Starwood Hotels

UX Intern

Summer 2012

- Created digital training materials (video games/interactive quizzes) to train employees on delivering on-brand experiences for guests, contributed content to online learning management system, analyzed training participation.
- Led pilot project on new 'service culture' in W Hotels to be implemented worldwide.

EatMe (side project)

Founder

2016 - Present

- Created a product to address a lack of non-toxic skincare products. EatMe is a body moisturizer/personal lubricant so pure and natural, you could actually eat it (all ingredients are food-grade).
- Sharpened my design and product skills while learning what it takes to bring a product from idea to profitable reality. Ships to consumers and retailers around the world.

INDEPENDENT RESEARCH

Immigration and Working Mothers (2013-2015) - Impact of immigration patterns on mothers' employment behavior in the U.S. using Census and Current Population Survey raw data in STATA.

LEADERSHIP / AWARDS

Cornell ILR Student Co-President: Representative and advocate for student population

2013-2015

Leadership Council President: Implement strategy developed by student leaders with faculty and staff
